

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How EduTech Mobile Learning Center Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

EduTech Mobile Learning Center provides on-line and off-line tutoring to K-12 students. Our tutoring program utilizes a variety of techniques that are proven to help increase the academic achievement levels of all students, including those who are at risk for failing. Our qualified tutors are available to service students at home, at our centers, in schools, or at other locations. Many tutors speak Spanish and are Special Education Certified. Students attend 2-4 hours per class, weekly, after school, weekends, summers and they receive tutoring in one-on-one and/or group sessions. Tutors diagnose each student's needs, and prepare individualized learning plans that utilize direct tutor instruction and on-line computer programs designed to help increase academic achievement, and improve learning and memory skills. Monthly progress is reported to parents and skills growth is measured at the end of the program.
