

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Wonder-Space ETC Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

Wonder-Space ETC delivers tutoring via a blended model of one-on-one, direct tutor and workbook instruction through innovative technologies. Our curriculum is aligned to Michigan State Standards and pre and post-assessments are the metrics used to identify student academic progress and gains. Tutoring sessions typically last for 45 to 60 minutes and instructional materials include workbooks, on-line access, PDAs, netbooks and tablets. Wonder-Space tutors are mentors, highly credentialed (B.S. degree or higher), outgoing, smart individuals with excellent teaching and communication skills who undergo rigorous reference and criminal background checks. Bilingual and Special Education tutors are assigned to students as appropriate and all tutors participate in on-going professional development. Closely monitored attendance/retention, parent outreach and nominal rewards programs are in place to ensure academic success. Consistent and clear reporting of student progress is shared with parents and educators via assessment results, IEPs, SEPs, progress reports, newsletters, emails, phone calls, meetings and home visits.

About This State-Approved Program:

Subject Areas: English, Mathematics, Science, Social Studies

Grades Served: K-12
